Accessing the SMS when at home or the SMS is not working

You are now able to use any device which can connect to the Internet

You will be requested to go through an authentication process:

please log onto the SMS using the following short cut:

Dry

http://gshsmsgs.grindrodshipping.com/

Wet

http://gshsmsus.grindrodshipping.com/

You will be asked to put in name and password. This name and password is exactly the same name and password you used to access the Gcrew app.

**Can't remember your Gcrew App name and password?**

- **Perhaps you still have the e-mail from IT Department for the GCrew app.**

   Or

- **Complete the following process below**

Go to the Gcrew App and open the APP

Press the lock button as shown

G CREW

Enter into the GCrew App again:

Enter your BASSNet User Name

[Username]

[Pin]

This is the name you usually use to gain access
into BASSNet. For Seafarers it is GSH####

LOGIN

Then Press register

REGISTER

G CREW

In the GCrew App press Send Pin

[Username]

SEND PIN

BACK TO LOGIN

Please provide your BASSnet login name to
receive your PIN

You will receive a Pin sent to the e-mail that you have on record in BASSNet – This is the same e-mail that the Crewing Department communicates with you when you are at home.
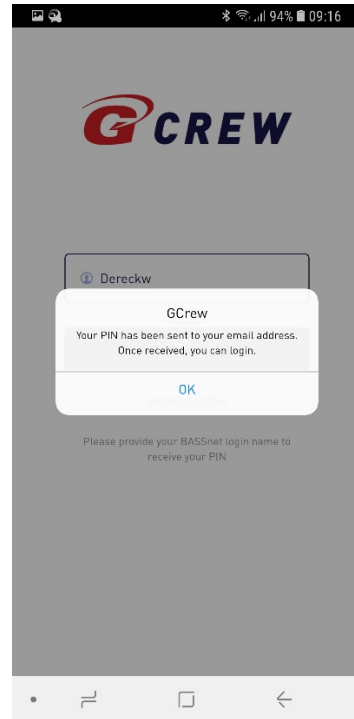

The PIN is now used to access the GCrew AND the PIN should be used as the Password PIN to access the SMS
