PSC deficiencies at Le Port, Reunion on 03 Sept. 2025

S.No./ Code	Description
1/ 01224	ETR on board found without III/7 certification of electro-technical rating, STCW Convention & Codes, 2010 Manila Amendments / STCW Code Part A / Section A – III/7 (missing). Comments: - It was an administrative oversight that Seafarer's certificate was not issued correctly and missing with relevant STCW regulation. Each seafarer's must check his/her own certificate for personal particulars and STCW regulation is correctly mentioned in the certificate. - Master to ensure that each seafarer's certificates are checked when they board the vessel. - We will also strengthen our pre-boarding verification of the seafarer's certificates. - Please check each crew member's certificates and advise if STCW regulation is not correctly mentioned in the seafarer's certificate pertaining to the assigned rank on board.
2/ 18401	A few medicines found expired in hospital. MLC 2006 / The regulation and the Code / Regulation 4.1 (Expired). Comments: The deficiency resulted due to expired medicines were kept together with the valid medicines. The expired medicines were not replenished. - Ensure expired medicines are separated from the valid medicines and kept separately in a box marked with 'Expired medicines – Not for use' for disposal as required by the instructions in the initial pages of Medical Record Book. - Ensure proper monthly medical inventory using company Form 3.2.0 and filed in Share Point. Check expiry date on the medicine matches with the expiry date in the Form. - Order the medicines in advance so that medicines are replenished on board prior expiry date to meet the required Quantity as per medical scale mentioned in the Form 3.2.0. - The person in charge for the upkeep of the medicines to read the instructions provided in the initial pages of the Medical Record Book and Master to ensure compliance.
