

Fleet Advisory 2025-10

PSC deficiencies at Khalifa Port, UAE on 09 Sept. 2025

S.No./ Code	Description
1/ 16105	The identification card was not checked at time of boarding the ship & false information recorded on regard for body search. <u>Comments:</u> • Carry out familiarization training to all crew using 'OJT 16 – Security duties in port' stressing positive checking of the visitor's identity and recording accurately in the visitor's log. • SSO to regularly brief gangway watch keepers and duty officers for reinforcing adherence with the ISPS /SSP procedures. • SSO to audit the visitors log regularly for ensuring records are accurate. • Master to ensure compliance on board.
2/ 07105	Purifier room & bridge electric room fire doors found tied with rope in open position. <u>Comments:</u> Carry out training to all crew containing following points on the fire doors to reinforce the importance of keeping fire doors closed: • Fire door is not tied with rope for keeping it open. • The fire doors equipped with self-closing device are to be kept closed at all times irrespective of whether vessel is in port or at sea. (not applicable to fire doors provided with auto-release mechanism as these are closed automatically in case of fire by trigger of fixed fire detection and alarm system). • Ensure following company signage is posted on each fire door on board the vessel:  • Warn crew against non-compliance with SOLAS regulation, securing a fire door for keeping it open is an offence. • Fire door is meant ➤ to contain the spread of fire and smoke in one area and prevent spreading to other parts of the ship. ➤ to resist the penetration of flames, smoke, and excessive heat. ➤ to contain the damage from a fire, preventing it from escalating. • Inspect and maintain fire doors as per PMS ➤ Check all fire doors for proper closing and self-closing device during routine checks ➤ Check latch for proper locking ➤ Check door sealing arrangement ➤ Cross check fire doors with ship's safety plan

Above has been read and understood.
