Training: Disposal of used cooking oil

Following procedures apply to collection and disposal of used cooking Oil (Category D)

- Disposal of used cooking oil overboard is strictly **prohibited**.
- Transfer of used Cooking Oil in any tank in Engine Room such as waste oil / sludge / bilge / Overflow tanks is **prohibited**.
- Used cooking Oil shall be collected in dedicated drums and stored in galley.
- As **FIRST** preference, used cooking oil in small quantities shall be soaked in condemned rags under supervision of C/O.
- Rags soaked in cooking oil shall then be incinerated together with other shipboard waste which is permitted for incineration.
- Entry shall be made in Garbage record book **category D** for incineration of cooking oil.
- All other garbage incinerated together with used cooking oil shall be recorded separately which includes rags (category C)
- Entry shall be signed by **C/O** and officer in charge of incineration.
- Used cooking Oil can also be landed ashore if accepted by shore reception facilities. Receipt shall be obtained for disposal ashore and attached with garbage record book
- There is **NO** necessity to record any event in Oil Record Book.

Example of entry to be made in garbage record book

Date/Time	Position of the Ship/Remarks (e.g., accidental loss)	Category	Estimated Amount Discharged or Incinerated [m3]	To Sea [m3]	To Reception Facility [m3]	Incineration [m3]	Certification/ Signature
